## Introduction and Context

Parkside High ensures that all children, young people and the community are safe from harm whilst they are accessing the provision. Parkside High considers the safety of children and young people in their care as paramount and makes every effort to secure the safeguarding and welfare of all users.

- This policy includes child protection procedures, recruitment and selection of paid staff and volunteers.
- Multi – agency working, this stipulates when and how we follow the local safeguarding arrangements. (see relevant links)
- Child on child abuse, to ensure staff are fully aware of inappropriate behaviour between peers and ensure this will not be tolerated.
- In addition to our own policies and procedures Parkside High ensures that we are fully conversant with and follow the government and relevant local authority safeguarding procedures.
- Safeguarding lead Michelle Roberts has the responsibility to ensure that all safeguarding measures are implemented and reviewed in light of policy and procedural change as per serious case reviews.

## Safeguarding Procedures

All organised activities which involve children and young people will be supervised by at least one member of staff. The staff member will have the appropriate training and experience and will have a full DBS check. All staff members have undertaken relevant training identified as necessary for the role including supervision. This is to ensure the safety needs of the children and young people are met. ***Parkside High follows the Ofsted guidelines for levels and ratio's of supervision.***

In the planning of all activities, and regardless of any other assessments that may be required (for example of equipment or for Health and Safety purposes), a risk assessment will be undertaken which specifically informs decision-making about appropriate supervision levels. Key factors assessed include:

- Age of children - Additional supervision/support needs of some or all participants (e.g due to disability).
- Competence/experience of participants for the specific activity.
- The nature of the activity (e.g climbing or swimming sessions may require higher levels of supervision than a music or arts session).
- The nature of venue (whether closed and exclusive, or open and accessible to members of the public).

All safeguarding concerns will be reported immediately to the safeguarding lead Michelle Roberts. Michelle Roberts will carry out the necessary action; this may include informing the relevant authority. Where appropriate parents, guardians and carers will be informed unless such a disclosure would cause further distress or harm to the child or young person. Confidentiality will not be promised in any case in which the child is at risk or is suffering harm. The child or young person will be informed of this.

If any child, young person or member of staff has concerns about the behaviour or actions of anyone during their time at Parkside High they should immediately inform the named safeguarding lead (Michelle Roberts). If a disclosure pertaining to child abuse is made it will be recorded. This is information indicating Neglect, Sexual, Emotional and Physical harm.

## Multi - Agency Working

Parkside High contributes to multi-agency working as part of its statutory duty. The project is aware of and will follow the local safeguarding arrangements. These are set out by the Derby City and Derbyshire Safeguarding Children partnership arrangements: <https://www.ddscp.org.uk/>

Parkside High will be fully engaged, involved and included in local safeguarding arrangements. Once the

school is named as a relevant agency by local safeguarding partners, it will follow its statutory duty to cooperate with the published arrangements in the same way as other relevant agencies. Parkside High will act in accordance with the safeguarding arrangements and will use the local threshold document:

## Child on Child Abuse

### *Definition*

For the purposes of this policy, “child-on-child abuse” is defined as abuse between children.

Parkside High has a zero-tolerance approach to all abuse, including that which is perpetrated by another child.

All staff will be aware that child-on-child abuse can occur between pupils of any age and gender, both inside and outside of the project, as well as online. All staff will be aware of the indicators of child-on-child abuse, how to identify it, and how to respond to reports. All staff will also recognise that even if no cases have been reported, this is not an indicator that child-on-child abuse is not occurring. All staff will speak to the DSL if they have any concerns about child-on-child abuse.

All staff will understand the importance of challenging inappropriate behaviour between peers and will not tolerate abuse of any kind.

- Bullying, including cyberbullying and prejudice-based or discriminatory bullying.
- Abuse in intimate personal relationships between peers – sometimes known as ‘teenage relationship abuse’.
- Physical abuse – this may include an online element which facilitates, threatens and/or encourages physical abuse.
- Sexual violence – this may include an online element which facilitates, threatens and/or encourages sexual violence.
- Sexual harassment, including online sexual harassment, which may be standalone or part of a broader pattern of abuse.
- Causing someone to engage in sexual activity without consent.
- The consensual and non-consensual sharing of nude and semi-nude images and/or videos.
- Upskirting.
- Initiation- and hazing-type violence and rituals, which can include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group and may also include an online element.

All staff will be clear as to the projects policy and procedures regarding child-on-child abuse and the role they have to play in preventing it and responding where they believe a child may be at risk from it.

Pupils will be made aware of how to raise concerns or make a report and how any reports will be handled. This includes the process for reporting concerns about friends or peers. Pupils will also be reassured that they will be taken seriously, be supported, and kept safe.

A record of clear and factual information of what has been disclosed will be made. If a concern is identified, such as evidence of physical abuse and severe neglect, this will be reported in the same way as a disclosure. A record of the following will be made:

- Time, date and location.
- Verbatim recording in the child’s own words.

## Code of Behaviour for Children & Young People (Summary)

Parkside High ensures the safety of everyone who accesses their provision. If any child or young person poses a risk of harm to themselves or others the session for the young person will be ended and appropriate action will be taken. The relevant worker will document the incident and this will be given to the safeguarding lead who will then pass the information to the named professional.

The activity leader and Safeguard Lead will discuss further safeguards that can be put in place to ensure that all users of Parkside High are safe. The child or young person will not be able to rejoin the session until safeguards are put in place and a meeting of expectations is held and agreed.

## Safeguarding Reporting (In House Reporting System).

Parkside High use a system that is managed and reported by our designated safeguarding leads (Michelle Roberts & Donna Farell).

We have an secure Safeguarding email address: ***safe@parksidehigh.co.uk*** - all staff email any concerns over to this address, we filter and monitor these concerns each day reporting to any further professional/referring body/parents or the police. This is all stored away on the individuals personal file via our Views monitoring platform. This is collated and revisited weekly in our safeguarding team meetings.

## Introduction

This policy complies with the statutory requirements laid out in the Special Educational Needs and Disability Code of Practice: 0 to 25 years which came into force in September 2014.

The definition of Special Educational Needs from the Special Educational Needs and Disability Code of Practice (Children and Families Act 2014):

A child of compulsory school age has a learning difficulty or disability if he or she:

Has a significantly greater difficulty in learning than the majority of children of the same age;

or

Has a disability which prevents or hinders them from making use of educational facilities of a kind generally provided for children of the same age in schools within the area of the local education authority.

Many children and young people who have SEN may have a disability under the Equality Act 2010 – that is: “A physical or mental impairment which has a long term and substantial adverse effect on their ability to carry out normal day to day activities.”

This definition includes children and young people with long term medical conditions such as asthma, diabetes, epilepsy and cancer. Children and young people with such conditions do not necessarily have SEN, but where a child requires special educational provision over and above the adjustments, aids and services required by the Equality Act 2010, they will additionally be covered by the SEND definition. In addition, we are required to also have regard to statutory guidance regarding supporting pupils with medical conditions (DfE 2014).

## Legislation and Guidance

This policy is based on the statutory [\*Special Educational Needs and Disability \(SEND\) Code of Practice\*](#) and the following legislation:

[\*Part 3 of the Children and Families Act 2014\*](#), which sets out educational settings’ responsibilities for pupils with SEN and disabilities.

[\*The Special Educational Needs and Disability Regulations 2014\*](#), which sets out educational settings’ responsibilities for education, health and care (EHC) plans, SEN coordinators (SENDCOs) and the SEND information report.

## Aims and Objectives

- To identify and assess all children with SEND and, through the implementation of a graduated response in accordance with the Code of Practice, to match provision to the nature of the child’s needs.
- To record the SEND identified together with the action taken to meet these needs and the outcomes of those actions.
- To ensure the SEND policy is implemented consistently by all Parkside High staff.
- To provide an opportunity to celebrate the achievements of pupils with SEND.

## Areas of Need

Children will have needs and requirements which may fall into at least one of four areas, many children will have inter-related needs. ***The areas of need are:***

### ***Communication and Interaction***

Children and young people with speech, language and communication needs (SLCN) have difficulty in communicating with others. This may be because they have difficulty saying what they want to, understanding what is being said to them or they do not understand or use social rules of communication. The profile for every child with SLCN is different and their needs may change over time. They may have difficulty with one, some or all of the different aspects of speech, language or social communication at different times of their lives. Children and young people with ASD, including Asperger's Syndrome and Autism, are likely to have particular difficulties with social interaction. They may also experience difficulties with language, communication and imagination, which can impact on how they relate to others.

### ***Cognition and Learning***

Support for learning difficulties may be required when children and young people learn at a slower pace than their peers, even with appropriate differentiation. Learning difficulties cover a wide range of needs,

including moderate learning difficulties (MLD), severe learning difficulties (SLD), where children are likely to need support in all areas of the curriculum and associated difficulties with mobility and communication, through to profound and multiple learning difficulties (PMLD), where children are likely to have severe

and complex learning difficulties as well as a physical disability or sensory impairment. Specific learning difficulties (SpLD), affect one or more specific aspects of learning. This encompasses a range of conditions such as dyslexia, dyscalculia and dyspraxia.

## ***Social, Emotional and Mental Health Difficulties***

Children and young people may experience a wide range of social and emotional difficulties which manifest themselves in many ways. These may include becoming withdrawn or isolated, as well as displaying challenging, disruptive or disturbing behaviour. These behaviours may reflect underlying mental health difficulties such as anxiety or depression, self-harming, substance misuse, eating disorders or physical symptoms that are medically unexplained. Other children and young people may have disorders such as attention deficit disorder, attention deficit hyperactive disorder or attachment disorder.

## ***Sensory and or Physical Needs***

Some children and young people require special educational provision because they have a disability which prevents or hinders them from making use of the educational facilities generally provided. These difficulties can be age related and may fluctuate over time. Many children and young people with vision impairment (VI), hearing impairment (HI) or a multisensory impairment (MSI) will require specialist support and/or equipment to access their learning. Children and young people with an MSI have a combination of vision and hearing difficulties. Information on how to provide services for deafblind children and young people is available through the Social Care for Deafblind Children and Adults guidance published by the Department of Health. Some children and young people with a physical disability (PD) require additional on-going support and equipment to access all the opportunities available to their peers.

## **Identification of Needs**

The principal sources of information for identifying and assessing pupil's special educational needs are:

- Information from parents provided by the referring bodies.
- If a medical problem is likely to affect the child's ability to learn, such as Hearing/Visual Impairment, the DSL/Learning lead will record the details and ensure that staff are aware of the likely problems.
- Educational, Health and Care plans and other records of SEN and provision from pupil's previous schools.
- Information from previous school and education provider.
- Liaison with external agencies involved with individual pupils such as Social Care, SALT, OT, Nurse Practitioners etc.
- Pupils will have a portfolio and bespoke learning plans to meet SEND needs - this will be a collaborative process with the young person heavily involved.

## **Education, Health and Care Plans (EHCP)**

Following statutory assessment, an EHCP may be provided by Derbyshire County Council, if it is decided the pupil's needs are not being met by the support that is ordinarily available. Parkside, the referring body and the pupils' parents will be involved in developing and producing the plan. Parents have the right to appeal against a decision not to issue an EHCP.

Parents have the right to appeal against the content of the EHCP. They may also appeal against the school named in the plan if it differs from their preferred choice.

## **Monitoring Pupil's Progress**

Adequate progress is that which:

- Narrows the attainment gap between pupils and peers.

## PARKSIDE HIGH CIC SEND POLICY

- Prevents the attainment gap widening.
- Equals or improves upon the pupil's previous rate of progress.
- Ensures full curriculum access.
- Shows an improvement in self-help and social or personal skills.
- Shows improvements in the pupil's behaviour.
- Shows improvement in the pupil's mental health and well being.

In order to achieve the best possible educational and other outcomes for pupils, the views, wishes and feelings of pupils and their parents/carers will be taken into account. This is particularly important at transition points to ensure appropriate decisions are made and pupils are prepared effectively for adulthood.

Effective planning should help parents/carers and young people with SEND express their needs, wishes and goals, and should:

- Focus on the young person as an individual, not their SEND label.
- Be easy for young people and their parents/ carers to understand.
- Highlight the young person's strengths and capabilities.
- Enable the young person, and those who know them best, to say what they have done, what they are interested in and what outcomes they are seeking in the future.
- Bring together relevant professionals to discuss and agree together the overall approach. If an assessment or referral indicates that a pupil has additional learning needs the parents and the pupil will always be consulted with regards to future provision.

Parents are invited to attend meetings with external agencies regarding their child and are kept up to date and consulted on any points of action drawn up in regards to the provision for their child.

### Involvement of Pupils

We recognise that all pupils have the right to be involved in making decisions and exercising choice. All pupils are involved in monitoring and reviewing their progress by encouraging them to:

- State their views about their education and learning.
- Identify their own needs and learn about learning through self-assessment and self evaluation.
- Share in individual target setting.
- Self-review their progress and set new targets.

### Links With Outside Agencies

Advice may be sought from external agencies regarding strategies to best meet the specific needs of a pupil. This will only be undertaken after parent permission has been obtained and may include referral to:

- Behaviour Support Service
- Dyslexia Centres or Autism Outreach Team
- Hearing Impairment team
- Visual Impairment team
- Educational Psychologist Service
- Educational Welfare Officers
- Physical and Disability Support Service
- Social Services
- School Nurse
- Child & Adolescent Mental Health Service

Further information regarding the Derbyshire County Council's Local Offer for children and young people with SEND can be found at: [www.localoffer.derbyshire.gov.uk/home.aspx](http://www.localoffer.derbyshire.gov.uk/home.aspx)

## Complaints

If a parent/carer has concerns about the way Parkside High is responding to the special needs of his/her child then initial contact should be made with the DSL/Leasrning Co-ordinator/Project Manager.

Parents/ carers may seek advice on resolving disagreements from the Local Authority. The Derbyshire Information, Advice and Support Service for SEND is a free, impartial service which provides support, guidance and information about education issues to parents/carers of children who have Special Educational Needs and/or Disabilities. Further information can be found at: [www.derbyshireiass.co.uk/home.aspx](http://www.derbyshireiass.co.uk/home.aspx)

In order to make consistent continuous progress in relation to SEND provision the school encourages feedback from staff, parents and pupils during the academic year. Parental engagement and participation are considered key elements of successful provision to support our pupils with SEND.

## Reviewing the SEND Policy

This policy will be reviewed by the DSL/Learning Lead/ Project Manager every year. It will also be updated if any changes to the information are made during the year. It will be approved by the Local Governing body.

## **Training**

Training needs will be assessed every year by Parkside High management and adequate resources will be made available to ensure identified training needs are addressed effectively. The timescale for any training to be completed will be identified as part of the risk assessment process.

Competent persons must inspect and examine equipment, machinery and apparatus at appropriate intervals. The information will be in the possession of the manager.

The manager will arrange for additional inspections and risk assessments to be carried out as and when required.

## **Risk Assessment**

The Manager will ensure that risk assessments of the premises, methods of work and all Parkside High activities, where there is a significant risk, are conducted annually (or more frequently, if necessary). This will identify all defects and deficiencies, together with the necessary remedial action or risk control measures.

When necessary Parkside High will then assess more specific risks, either arising from particular hazards or as identified by legislation, in accordance with policy.

The legislation also requires Parkside High to establish written procedures to deal with foreseeable situations that could present serious and imminent danger to those on Parkside High premises. Written evacuation procedures are therefore needed. Fire risk is the main matter to be considered and all evacuations will be conducted in accordance with the written instructions prepared by the Fire Officer. Other risks include any bomb threats. Procedures are required to be written, kept up-to-date and need to include statements on the responsibilities of individuals delegated to take action. All procedures will be well practised.

## **Fire Precautions**

Fire prevention is part of everyone's duties. In particular attention should be paid to checking the premises before leaving at night to ensure nothing has been left which could lead to a fire developing whilst the premises are unoccupied. All electrical equipment that need not be left on are to be switched off. Equipment needed to be left on should be kept clear of combustible material in case of a fault developing when unattended. The volume of combustible rubbish must be kept to a minimum in order to reduce the risk of fire. Arrangements must be made to have any large amounts of combustible rubbish removed from the premises.

The manager is responsible for ensuring that:

- Regular fire evacuation practices are carried out.
- Fire alarms are tested on a weekly basis.
- Tests are to be recorded.

The manager is responsible for ensuring that all fire extinguishers and fire blankets are in the correct place. The manager must ensure that the extinguishers and fire alarm are inspected and maintained annually.

## **Emergency Evacuation Procedure**

The emergency evacuation procedure notice and escape routes will be displayed in every room as close as convenient to the normal entrance. On hearing the fire alarm all those accessing Parkside High will leave

# **PARKSIDE HIGH CIC HEALTH & SAFETY INCLUDING LOCKDOWN PROCEDURE POLICY**

the project area. The person in charge of the young people accessing the project will instruct them to leave by the nearest safe exit, check everyone has left and close the doors behind them (where possible). The member of staff will then escort the young people to the fire evacuation point keeping an orderly manner.

## **Fire Emergency Arrangements**

Staff should instruct children and young people and practice with them what they should do in the event of a fire, and ensure they are aware of the evacuation routes and procedures. In particular, if the alarm sounds, the buildings should be evacuated as quickly as possible. There must be no return to the buildings under any circumstances. Doors should be closed as you leave wherever possible. Staff should accompany the children and young people under their supervision to the assembly point where Parkside High staff will carry out fire evacuation registration. If a fire is discovered, the nearest alarm should be activated. Staff should stay with their group and check for any absentees. They will then check absentees against the registration document.

## **REPORTING OF ACCIDENTS**

(Reporting of Injuries, Diseases and Dangerous Occurrences Regulations 1995 RIDDOR)

All accidents to staff, volunteers, young people and visitors must be recorded. It is the responsibility of the member of staff or volunteer who first dealt with the accident (not the first aider) to make sure all sections of the accident form are completed. All major injuries and dangerous occurrences must be reported to the manager. In all cases the manager is responsible for ensuring that remedial action is taken to avoid a repetition of the incident. An accident is any injury that requires first aid treatment. If the First Aider assesses that no treatment is required a note may be placed on the young persons record. The management team will review the accident reports to identify any patterns that indicate action is required to reduce likely reoccurrence.

## **Emergency Planning**

The Manager will ensure that an emergency plan is prepared to cover foreseeable major incidents which could put at risk the users of Parkside High. This plan will indicate the actions to be taken in the event of a major incident so that everything possible is done to:

- (a) save life
- (b) prevent injury
- (c) minimise loss

This sequence will determine the priorities of the crisis plan.

The plan will form part of the Health & Safety Policy document.

In icy conditions, and especially when snow has fallen, the manager will endeavour to clear, and maintain a safe environment so far as reasonably practical. Footpaths and routes around the premises will be maintained in a safe condition. In these conditions work will commence as early as possible so the main areas will be cleared as quickly as possible. Individuals are reminded to wear appropriate footwear in snowy and icy conditions and avoid high risk areas where possible. Gritting and snow clearing will take priority over all other tasks unless there is an emergency situation.

## **First Aid**

The arrangements for first aid provision will be adequate to cope with all foreseeable major incidents.

The number of certificated first aiders will not, at any time, be less than the number required by law.

All staff and volunteers will be given such training in first aid techniques as is required to give them a basic, minimum level of competence. Such trained but uncertificated first aiders will be determined to meet the needs of all foreseeable circumstances.

# PARKSIDE HIGH CIC HEALTH & SAFETY INCLUDING LOCKDOWN PROCEDURE POLICY

Supplies of first aid materials will be held at various locations used by Parkside High. These locations will be determined by the Manager. They will be prominently marked and all staff will be advised of their position. The materials will be checked regularly and any deficiencies made good without delay.

A record will be made in the accident book of each occasion when any member of staff, volunteer or young person or other receives first aid treatment either on Parkside High premises or as part of a related activity to a level deemed as serious. A copy of the accident form will be handed to that person to take home.

## Evacuation and Lockdown

We have recently reviewed our fire drill evacuation procedures at Parkside High. Alongside this, for your information, children/young people at Parkside High will be taking part in lockdown drills following updated Derbyshire guidance (detailed below). These practices will be taking place over the next few days - along with further planned drills.

Due to recent events - some quite local to our Derbyshire Schools - Derbyshire actively encourages schools to practice/rehearse their lockdown plan to make sure staff and pupils understand what to do if an event or attack happens on their premises.

Thankfully, situations where sites need to operate a lockdown are rare. However, as with any emergency situation, it is strongly advised that sites have a procedure in place to deal with this.

Lockdown procedures should be seen as a sensible response to any external or internal incident which could prove a threat to the safety of the children/young people and staff at the site/setting.

Like a fire drill, they are an emergency procedure which it is hoped will never be used in earnest. However, as with a fire drill, it is essential that they are practiced appropriately so that all staff know how to react, and their roles should it ever have to be activated.

Some examples of when lockdown procedures may be activated are given below:

- A reported incident/civil disturbance in the local community with the potential to pose a risk to staff and children/young people.
- An intruder on the site (with the potential to pose a risk to staff and children/young people).
- A person who is known to the site and known to pose a risk to staff and/or children/young people enters the site uninvited.
- A warning being received regarding a risk locally of air pollution (smoke plume, gas cloud) or chemical, biological, or radiological contamination.
- A major fire close to the site.
- A dangerous animal roaming loose in the vicinity of the site.

## Visitors

There are occasions when visitors are invited to a Parkside High project. Whilst extending the expected courtesies, it is important that security is maintained and that sensitive or confidential information is not compromised.

The following procedure should be adopted for pre-arranged visitors:

Names, dates and times of visits should be entered into the member of staff's diary who will be receiving the visitor. This will ensure that the information is available to other staff to identify visitors appropriately.

## Review

Parkside High will review this policy statement biannually and update, modify or amend it as it considers

# **PARKSIDE HIGH CIC HEALTH & SAFETY INCLUDING LOCKDOWN PROCEDURE POLICY**

necessary to ensure the health, safety and welfare of staff, young people and service users.

## Definition of First Aid

First aid at work covers the arrangements that establishments must make to ensure that people at work who suffer an injury or fall ill (whether work related or not), receive immediate attention and that an ambulance is called in serious cases. First aid can save lives and prevent minor injuries becoming major ones. It is designed to prevent situations getting worse and where necessary promote healing until suitably qualified medical attention can be sought if necessary. It does not include diagnosing medical conditions or giving tablets or medicines to treat illness. Although the regulations are intended to cover employees, the same level of treatment should be provided for any other person on or off site (e.g. children / young people, staff, visitors, contractors, service users) and are a requirement for Early Years Providers.

## Provisions

Within each workplace, there must be adequate and appropriate equipment, facilities, and competent persons to carry out first aid. The decision on the level of provision should be based on a risk assessment of the first aid needs appropriate to the circumstances of each individual workplace.

Establishments must decide on the following: -

- The need for and the number of First Aiders and / or Appointed Persons required.
- The number of and distribution of first aid boxes.
- The provision of a designated area to administer first aid.

## Assessment

The factors to be considered in the assessment of first aid requirements, which should be reviewed regularly include:

- Workplace hazards and risks (e.g. dangerous equipment, hazardous substances, etc).
- The size of the establishment, layout of establishment (split site, distance of hazardous area from first aider etc).
- The establishment's history of accidents.
- The age range and needs of those at the establishment.
- The remoteness of the site from emergency medical services.
- The needs of travelling, remote and lone workers.
- Employees working on shared or multi-occupied sites.
- Annual leave and other absences of First Aiders and Appointed Persons.
- Activities carried out off site or at remote locations on site.

The absolute minimum provision for any workplace is:

- One first aid box.
- One Appointed Person (someone who is designated to take charge of a first aid situation).

It is however strongly recommended that all youth establishments taking the above into account should consider having at least one fully trained First Aider who holds the First Aid at Work Qualification.

Those establishments who cater for Early Years Foundation Stage must have at least 1 Paediatric First Aider on site when children/young people are present and off site or on any trip to ensure compliance with the Statutory Framework for the Early Years Foundation Stage.

In establishments where there are higher risk activities such as design and technology, Forest Schools, cooking, sports, craft activities in education venues or where the age or needs of pupils / young people may increase the likelihood of injury, consideration should be given to the number and locations of first aiders. It would be sensible to have some form of first aid provision and trained first aider readily available close to these areas to avoid any delay in treatment. This may mean appointing more than 1 first aider for the establishment and the assessment should be used to identify the numbers required.

First Aid provision must be always readily available. Establishments should therefore ensure that the arrangements they make for the provision of first aid following the risk assessment are adequate to cover their operations and that the risk assessment is recorded and is reviewed periodically or if there is a change in circumstances.

## First Aid Personnel

Where the assessment has identified a need for people to be available for rendering first aid, enough First Aiders / Appointed Persons should be provided to enable first aid to be administered without delay.

The selection of First Aiders depends on several factors including an individual's:

- Willingness to undertake the role.
- Reliability, disposition, and communication skills.
- Aptitude to absorb more knowledge and learn new skills.
- Ability to cope with stressful and physically demanding emergency procedures.
- Normal duties ~ these should be such that they may be left to go immediately and rapidly to an emergency

It is recommended that establishments have a minimum of one trained First Aider on the full-time staff with an Appointed Person to cover for absences unless the assessment justifies otherwise. For Alternative Learning/ Youth Provisions where the risk has been assessed as lower due to a lower capacity an alternative to the above would be to have several of the staff trained as appointed persons (1 day emergency first aid course), to give a wider coverage of available first aiders. This is acceptable as an alternative strategy however there will need to be designated roles outlined such as who is responsible for checking and replenishing first aid supplies.

The same cover should also be provided at lunchtime and so a similar arrangement will be required for the lunchtime supervisory staff. Establishments which operate outside normal office hours, or which are residential should ensure that they have adequate first aid cover whenever they are open.

Adequate provision of first aid must be always available. Establishments should therefore ensure that the arrangements they make for the provision of first aid are adequate to cover for any absences of their first aiders or appointed persons.

## Defibrillators in schools

Many schools now have or are considering having Automatic External Defibrillators (AED's). These are extremely good pieces of equipment, but we would advise the following for sites who have them.

- You should have sufficient staff who have suitable first aid training, so it is covered at all times that Parkside High is open. The times the machine is available should be published.
- You should have a means to summon the defibrillator operator to where it is needed in a timely fashion.

# PARKSIDE HIGH CIC FIRST AID WITH MEDICAL PROCEDURE POLICY

- You should ensure everyone knows how to summon the defibrillator if required and when it would be required.
- The AED needs to be readily available, i.e. not locked away and regularly checked.

## Training

### *First Aiders*

To be a First Aider, an employee must hold a valid certificate in First Aid at Work issued by an organisation whose training and qualifications are approved by the Health and Safety Executive. This certificate is valid for three years.

### *Pediatric First Aider*

This is a person who has undergone a course of training which meets the requirements of the Statutory Framework for the Early Years Foundation Stage and Ofsted. This is usually a 2-day course delivered by an approved provider (NB the HSE approved First Aid at Work Course is not classed as appropriate to meet the requirements of Pediatric First Aider).

**\*\*\*All Parkside High staff are Pediatric First Aiders**

### *Appointed Person*

**\*\*\*Parkside High Appointed Person - Michelle Roberts [michelle@parksidehigh.co.uk](mailto:michelle@parksidehigh.co.uk)**

It is recommended that the Appointed Persons attend an emergency First Aid Course which will give them the skills necessary to provide appropriate emergency treatment. This certificate is valid for three years. Please note an appointed person is not a First Aider and should only give treatment for which they have been trained.

### *Accident Reporting Procedures*

First Aiders and appointed persons must be made fully aware of the Children's Services accident reporting procedures and ensure all accidents are recorded in line with this and the establishment's procedures.

### *Training Records*

Establishments need to ensure that First Aiders and Appointed Persons are retrained at the appropriate intervals, currently every three years. Training records should be maintained.

### *Information*

Establishments must ensure that all employees and others within the workplace are aware of the first aid arrangements. First aid notices should be displayed in prominent positions, detailing the location of equipment, names of First Aiders / Appointed Persons and contact numbers. All staff must be aware of who the First Aider(s) is and how to contact them.

### *First Aid Equipment*

First aid boxes must be identified by a white cross on a green background and should be easily accessible and contain appropriate first aid material. When the contents are used, the box should be refilled as soon as possible afterwards. Sufficient stocks of each item should be included. There is no standard list of items to put in a first-aid box. It depends on what establishments assess the needs to be. However, as a guide, and

# PARKSIDE HIGH CIC FIRST AID WITH MEDICAL PROCEDURE POLICY

where there is no special risk in the workplace, a minimum stock of items would be: -

1. Guidance card giving general advice on first aid e.g. HSE leaflet 'Basic advice on first aid at work' 20 plasters – assorted sizes – individually wrapped and sterile
2. Sterile eye pads
3. Individually wrapped triangular bandages 6 safety pins
4. 6 medium wound dressings (sterile) 2 large wound dressings (sterile)
5. 2 extra large wound dressings (sterile) Disposable gloves and aprons
6. Moist cleaning wipes – not alcohol based (individually wrapped and sterile)
7. Where mains tap water is not readily available for eye irrigation, at least one litre of sterile water or sterile saline (0.9%) solution in sealed, disposable containers should be provided. These need to be checked regularly to ensure they are not used after the expiry date.
8. *Additional items, e.g. blankets where they are required should be stored nearby.*

## Travel Kits

Where provided these should contain:

1. A leaflet giving general guidance on first aid.
2. 26 Individually wrapped sterile adhesive dressings (plasters).
3. 1 large sterile un-medicated dressing – approximately 18 x 18cm.
4. 2 triangular bandages.
5. 2 safety pins.
6. Individual wrapped moist cleansing wipes 1 pair of disposable gloves.

A member of staff usually the First Aider or appointed person should be designated to periodically check the contents of the first aid box and replace any missing contents. This check should be recorded.

## Employee Guidelines

You should be aware of the location of first aid equipment and First Aiders / Appointed Persons within your workplace.

If you receive an injury whilst at work, you should seek assistance from your First Aider / Appointed Person who will then administer first aid and / or seek further assistance as appropriate.

An accident report form should be completed in accordance with Parkside high CIC accident reporting procedures.

If you have any concerns regarding the provision of first aid facilities at your workplace, you should contact Michelle Roberts - Operations Manager/Appointed Person.

The HSE publish a basic first aid information leaflet that contains useful first aid information which can be downloaded free from their website by clicking the following link: [www.hse.gov.uk/pubns/indg347.htm](http://www.hse.gov.uk/pubns/indg347.htm)

The prime responsibility for a child/young person's health lies with the parent/guardian who is responsible for the child/young person's medication and should supply Parkside High with information.

- Assist parents in providing medical care for their children.
- Educate staff and children in respect of special medical needs.
- Adopt and implement the LA policy of Medication in Schools.
- Arrange training for volunteer staff to support individual pupils.
- Liaise as necessary with medical services in support of the individual pupil.
- Ensure access to full education if possible.
- Monitor and keep appropriate records.

## Entitlement

Parkside High accepts that pupils with medical needs should be assisted if possible and that they have a right to the full education available to other pupils. We believe that pupils with medical needs should be enabled to have full attendance and receive necessary proper care and support. Parkside High accept all employees have rights in relation to supporting pupils with medical needs as follows:

- Choose whether or not they are prepared to be involved;
- Receive appropriate training;
- Work to clear guidelines;
- Have concerns about legal liability;
- Bring to the attention of management any concern or matter relating to supporting pupils with medical needs.

## Staff Training

All staff undertaking first aid duties will be given full training in accordance with current legal requirements. Any appointed persons will attend a basic four-hour course. (Epi-pen training will take place annually.) Training by the diabetic specialist nurse, will take place as and when the treatment for or condition of the child or young person changes.

## Informing Parents/Carers of Protocol Surrounding Illness and Exclusion

### Illness

- Initially, parent/carers are made aware of illness and sickness procedures on child's consent form prior to starting Parkside High or attending activities.
- Parents/carers are asked to remember your child needs to be well to attend Parkside High. We expect all our parents/carers to respect this.
- We ask all parents/carers to remember that no child is able to return to Parkside High before 48 hours has relapsed since the last episode of vomiting or diarrhoea.
- Children/young people are expected to manage their own personal hygiene when they have a cold e.g. blowing their own nose and wiping it with a tissue.
- Any necessary information regarding infectious diseases will be relayed to parents in the event that this becomes necessary.

# PARKSIDE HIGH CIC FIRST AID WITH MEDICAL PROCEDURE POLICY

- If a child arrives at Parkside High and is clearly unwell or is known not to have had the required exclusion time from school, staff reserve the right to ask the parent/carer to take the child home until they are fit to attend.

## Dealing with Illness at Parkside High

If a child becomes ill whilst at Parkside High a member of staff will comfort and reassure the child/young person (minimising the risk of cross infection with member of staff and other children), while another member of staff (ideally the child/young person's mentor/youth leader) will contact the child/young person's parent/guardian or known contact and ask them to collect the child/young person as soon as possible.

If there is no response from the child/young person's parent/carer or known contacts staff will keep trying to make contact whilst the child/young person is kept comfortable and safe whilst at Parkside High.

The main first aid boxes will be checked regularly, half-termly, and refilled by either the person nominated to check them, a senior manager or Health and Safety officer, any missing items will be noted and replaced as soon as possible.

### *A first aid kit is taken on all outings:*

If first aid is given it must be recorded on the first aid sheet and stored with the accident/incident form it relates to. All first aid kits are checked on a monthly basis by a nominated person or the health and safety representative. There is always at least one first aider on site at all times. We aim to have all permanent staff trained in first aid as soon as possible. All accidents are recorded on a sheet, which includes details of the injury and a body map.

A record sheet containing name & date of all accidents/incidents is kept in the accident/incident file. All accidents and incidents are reviewed to see if anything can be done to prevent the accident/incident happening again.

# PARKSIDE HIGH CIC POSITIVE BEHAVIOUR SUPPORT POLICY

*This Policy on Positive Behaviour Support (including physical Intervention) runs in line with the local authority and the government guidelines.*

In this respect the local authority is aware that Section 93 of the Education and Inspections Act 2006 outlines the powers of “authorised staff” to use reasonable force. This policy aims to give all members of the Parkside High clear guidance so that any physical intervention that they undertake is carried out in a way that supports the values and principles described above. In particular, it aims to describe the circumstances in which restrictive physical intervention is an appropriate response and how staff at Parkside High will fulfil their responsibilities in those circumstances. The Safeguard lead (Michelle Roberts) will be responsible for ensuring that staff adhere to, and parents are aware of, the policy. He/she will ensure that any necessary training/awareness-raising takes place so that staff know their responsibilities.

## Responsibilities of Safeguard Lead

The Safeguard Lead is responsible for the implementation of this policy. This includes ensuring that the culture at Parkside High reflects the overarching policy and guidance.

In order to effectively discharge this responsibility, the Safeguard Lead should ensure that:

1. A Positive Behaviour Support (including Physical Intervention) policy is in place and approved by the governing body, in line with the Local Authority Policy and guidelines.
2. The policy is understood and adhered to by all staff.
3. Best practice is kept up to date and modelled by the Safeguarding Lead.
4. All staff know the physical intervention procedures, including who to report them to and where and how they should be recorded.
5. Relevant staff are authorised to carry out Physical Interventions.
6. Adequate resources are available to ensure this policy is implemented.
7. Practice relating to Physical Interventions is monitored.
8. Training is available to staff relating to the use of Physical Interventions.
9. Risk assessments are in place and the use of Physical Interventions is planned, wherever possible.
10. All incidents where a physical Intervention has been used are recorded and followed up.

## Responsibilities of Employees

All employees have responsibilities as outlined by the Health and Safety at Work Act 1974 and the Management of Health and Safety at Work Regulations 1999 to comply with this policy. The responsibilities of employees are as follows.

Whilst at work all employees will:

- Make themselves familiar with and adhere to the schools Positive Behaviour Support (including Physical Intervention) Policy.
- Be aware of safe systems of work and risk assessments, including control measures relevant to their area of work.
- Point out any shortcomings in the policy to their Headteacher as appropriate.
- Record any incidents of Physical Interventions.

## Statement on the Use of Physical Touch

At Parkside High, adults may well use touch to prompt, to give reassurance or to provide support, but this must be used sensitively and appropriately, in line with our Child Protection protocols and the unique needs, characteristics and preferences of the individual.

# PARKSIDE HIGH CIC POSITIVE BEHAVIOUR SUPPORT POLICY

To use touch/physical support successfully, staff will adhere to the following principles.

It must:

- Be non-abusive, with no intention to cause pain, injury or use power.
- Be in the best interests of the child and others.
- Have a clear supportive purpose for the pupil/young person.
- Take account of gender and cultural issues.
- Take account of specific known historical experiences of the young person.
- Be within the principles of the law.

## What is Positive Behaviour Support (PBS)?

The BILD (British Institute of Learning Disabilities) International Journal of Positive Behaviour Support. (Gore et al 2013) has defined positive behaviour support as a framework:

- That enhances the quality of life for the individual and others involved in their life.
- For developing an understanding of the challenging behaviour displayed by an individual, based on an assessment of their social and physical environment and the broader context within which it occurs.
- That is developed with the full inclusion and involvement of the individual (child or young person) being supported, their family members and/or their advocate.
- To develop, implement and evaluate the effectiveness of a personalised and enduring system of support.
- PBS is an approach which incorporates the safe use of reactive strategies (possibly including restrictive practices) alongside proactive primary and secondary preventative approaches.

Reactive strategies are required to make a situation safe and return a person to a state where they can resume their regular activities and lifestyle. A considerable evidence base has emerged over recent decades that shows the clear benefits of PBS as a strategy in terms of improving the quality of life of individuals who use services and in reducing challenging behaviour.

## What is Physical Intervention?

There is a difference between Physical Intervention and Restrictive Physical Intervention. At Parkside High these are defined as follows:

| Type:                                   | Definition:                                                                                                                                                                                         | Example:                                                                                                                                                                                                                                                                                                                                                                               |

| Non restrictive physical interventions. | Where physical touch is used to support the young person and they have a choice to move away from the touch or where a cause of distress can be removed without the need to touch the young person. | At Parkside High this includes but is not restricted to the following:<br>- Guiding a young person from A to B with a hand on their shoulder or with the young person voluntarily taking the adults hand .<br>- Removal of a cause of distress, such as a nearby object or asking another child to leave the vicinity.<br>- Providing consensual emotional support.<br><br>(Continued) |

|-------------------------------------|--------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Restrictive physical interventions. | Where the adult takes control of the young person and their actions to prevent, impede or restrict movement or mobility. | At Parkside High this includes but is not restricted to the following:<br>- Holding a pupil back.<br>- Blocking a child or YP from leaving the room or walking past.<br>- Interpositioning.<br>- Specific interventions as per the child's individual plan.<br>- Separating children involved in a physical altercation.<br>- Removing an object from a child by force. |

## When May a Restrictive Physical Intervention be Used?

Restrictive physical intervention is rarely used at Parkside High. However, it may be necessary to use such force as is reasonable in the circumstances in order to:

1. Prevent a pupil injuring themselves or others, (e.g. rough play, stopping a young person from running towards traffic).
2. Prevent a young person causing serious damage to property.
3. Prevent a child/young person committing an offence (or for any child/young person under the age of criminal responsibility, what would be considered an offence for an older child/young person).
4. Prevent a pupil prejudicing the maintenance of good order and discipline at the school or among any pupils receiving education at Parkside High, whether during a teaching session or otherwise, whilst always being mindful of:
5. The seriousness of the incident or potential incident, assessed by the effect of the injury, damage or disorder.
6. The chances of achieving the desired result by any other means.
7. The relative risks of intervening compared with using other strategies. These are examples of circumstances when we, at Parkside High, may consider the use of a restrictive physical intervention to break up or prevent a fight or attack.
8. To remove an object which could be used to cause damage or harm.
9. To prevent a child from self-harming or from putting themselves in danger.

It is important that examples of the rare circumstances that would justify the use of physical intervention are defined and discussed with the staff on a regular basis to come to a school consensus on circumstances which may necessitate appropriate action. In this school this is done via training and reviewing provision.

## Risk Assessments

Risk assessments will focus on the significant risks involved in carrying out a Physical Intervention and the actual circumstances. Therefore, it is impossible to cover all eventualities in this policy. Risk Assessments will be carried out by competent staff, authorised by the Safeguarding Lead or Project Manager and may involve a Behaviour Support mentor or other specialist staff.

There are many things to consider in both a planned and a dynamic risk assessment and the following are examples of factors which must be taken into account when evaluating the risk and in determining the strategies and if necessary, control measures to be employed.

- Any known SEND including; social, emotional, communication, physical or medical needs.
- The age, relative physique, and known medical conditions of both the adult and the child or young

person.

- The relative genders of staff and child or young person.
- The presence of a second adults available to assist, monitor and witness the physical intervention.
- The availability of a second, or other adult.
- Spectacles, hearing aids, jewellery and clothing worn by the child or young person.
- The adults capacity to act calmly and systematically.
- The location of the incident and the potential for the physical intervention to be carried out safely.
- The potential outcomes of not intervening.
- Whether other techniques not involving force have been tried.
- The presence of other pupils/bystanders who could escalate risk to staff or any child or young person.

The purpose of the risk assessment is to outline the likelihood of challenging behaviour or an incident.

## Methods of Restrictive Physical Intervention

When a restrictive physical intervention is justified, staff will use “reasonable force”. This is the degree of force “warranted by the situation”. It will be ‘proportionate to the circumstances of the incident and the consequences it is intended to prevent’. Any force used will be the minimum degree and time needed to achieve a safe outcome.

### ***The physical intervention must;***

- Not involve hitting the child or young person.
- Not involve “punitive” acts such as deliberately inflicting pain on the child or young person.
- Not restricting the child or young person’s breathing, e.g. throat or chest holds or pressing the child or young person’s face into soft furnishings.
- Avoid the genital area, buttocks or breasts of the child or young person.
- Avoid the adult putting weight upon the child or young person in any way.
- Avoid holding joints or pulling on joints.

### ***During any incident of physical intervention adults must, seek to;***

- Minimise the need for, or length of, any physical intervention.
- Lower the child or young person’s level of anger or distress during the physical intervention by continually offering verbal re-assurance and avoid fear of injury in the child or young person.
- Cause the minimum restriction of movement of limbs consistent with the level of risk to safety and welfare. Take account of the potential for accidental injury during the physical intervention by using a method appropriate for the environment in which it is taking place.
- Work together as a team, with one member taking the lead.
- Exclude any other child or young person from assisting with the physical intervention.

### ***In circumstances where force is necessary and there is no alternative, the following basic points should be considered when undertaking a physical intervention;***

- Stabilise or redirect as quickly and as safely as possible.
- Hold clothes instead of skin where possible.
- Do not hold on a joint.
- Avoid pressure on vulnerable areas such as neck, diaphragm and stomach.
- Avoid pressure on areas which will restrict blood flow.
- Avoiding contact with sexual areas.
- Be sensitive to the child or young person so that control can be returned to her/him as soon as possible.

Staff who have received specific training on physical restraint must always act in accordance.

# **PARKSIDE HIGH CIC POSITIVE BEHAVIOUR SUPPORT POLICY**

## **Induction and Training**

All staff will be restraint trained, staff will be made aware of the policy , its ethos around Parkside High and the reporting procedure.

## **Incident Reports**

The Safeguard Lead will establish procedures to ensure that all significant incidents of physical intervention are reported and recorded by the member(s) of staff involved as soon as possible after the event. This will be before the staff leave the building at the end of the day but after they have had time to calm down following the incident. The recording will be factual include any key triggers to the incident, any strategies or preventive to be included. The incident should be recorded on the attached incident report form (see Parkside High shared file) . A copy of this form will be kept securely and confidentially at filed accordingly, along with the schools contact being informed directly.

## **Follow Up Action**

1. All Senior staff to be involved, feedback accordingly.
2. Revisit and discuss with young person (s) involved.
3. Update risk assessment, accordingly, discuss with school how this can be completed.
4. Staff check back – ensure all team members are ok on a personal level and with the individual.

# PARKSIDE HIGH CIC BEHAVIOUR POLICY

Each young person accessing the mentoring provision agrees to adhere to the Parkside High Agreement. The agreement promotes positive behaviour and engagement during sessions (see Appendix). The agreement is carried out in the initial meeting with the Parkside High manager, young person and referring agency.

## Procedures for Dealing with Incidents

The response to negative behaviour outside of the Parkside High Agreement such as constant low-level disruption, verbal abuse and deliberate disruption is a leveled intervention process, which has 3 clear steps: -

1. A reminder of the Parkside High agreement and agreed behaviours for positive engagement.
2. A warning to quickly return to agreed behaviours for engagement.
3. Removal from that session to a quiet supervised area.

## Reflective Sessions

A removal will result in a reflective session with the young person, the member of staff concerned, and the manager. The session will be guided by the manager and will take place as soon as possible following the incident. This will provide the opportunity for all concerned to calmly express how the incident impacted learning, themselves and others to then agree a clear strategy of how to move forward and modify behaviour. Reflective sessions may include:

- A verbal apology.
- A letter of explanation and apology from the young person.
- Revisiting the Parkside High Agreement.

A young person will not be permitted to take any future part in the session they have been removed from on that day and until a 3 way meeting has taken place. Behaviour both positive and negative, will be monitored, recorded and fed-back to the relevant professional, school or other setting.

In exceptional circumstances exclusion from Parkside High will be considered. All incidents involving situations where a young person, member of staff or visitor has been put at risk of serious harm will be formally recorded and dealt with at the discretion of the Manager.

## Responsibilities of Schools and Referrers:

- That they contact Parkside High quickly whenever any problem occurs.
- To fully support Parkside High with all areas of positive discipline, including interventions and sanctions.
- To work together with Parkside High when requested with regards to behaviour and progress. (e.g. attendance at meetings, open discussion)
- To support Parkside High with our unwavering commitment to promote positive behaviour to facilitate learning and social and emotional development.

# EQUALITY & DIVERSITY POLICY

## 1. Introduction

This policy aims to outline Parkside High's commitment to ensuring equality of opportunity and equal treatment for staff, workers, partners, contractors, directors, volunteers, members and service users in terms of employment and access to services; and to provide guidance on anti-discriminatory practice.

## 2. General Statement of Intent

Parkside High is committed in its pursuit of excellence in service; to equality of opportunity and to a pro-active and inclusive approach to equality, which supports and encourages all under-represented groups, promotes an inclusive culture; celebrates and values diversity and eliminates unlawful direct and indirect discrimination.

Parkside High will provide equality of opportunity and equal treatment as an integral part of good practice. The organisation is committed to a working environment in which the contribution and needs of everyone are fully valued and recognised. We will support our staff, workers, directors, volunteers and contractors in not tolerating any inappropriate, violent or abusive behaviour from colleagues, other organisations, service users or young people.

Parkside High aims to encourage, value and manage diversity and we recognise that talent and potential are distributed across the population. Not only are there moral and social reasons for promoting equality of opportunity, it is in the best interest of this organisation to recruit and develop the best people for our jobs from as wide and diverse a pool of talent as possible.

Parkside High recognises that people with different backgrounds, skills, attitudes and experiences bring fresh ideas and perceptions. This policy seeks to value and harness these differences and to make our services relevant and approachable for everyone. We aim to draw upon the widest possible range of views and experiences in order to meet the changing needs of our service users, staff, volunteers, partners and supporters.

Parkside High believes in equality of opportunity and values all individuals regardless of any collective identity. However, we recognise that individual and institutional discriminatory practise has meant that some groups have not had equal access to services and fair employment practices, nor to opportunities in volunteering. We aim to remove any barriers, bias or discrimination that prevents individuals or groups from realising their potential and contributing fully to our organisation's performance and to develop an organisational culture that positively values diversity.

Parkside High is committed to providing an environment free of stereotyped and oppressive beliefs, attitudes and practices. We seek to promote, diversify and to respond to the needs of all individuals in a fair and equitable manner. We work to reduce unfair discrimination in society and seek to eliminate such practices within the organisation.

Discrimination can be direct, associative, perceptive, indirect, harassment (including by 3rd parties) or victimisation. All forms of discrimination are unacceptable, regardless of whether there was any intention to discriminate or not. Employees have a duty to co-operate with Parkside High to ensure that this policy is effective in ensuring equal opportunities and in preventing discrimination. Employees should draw the attention of their line manager to suspected discriminatory acts, practices or cases of bullying or harassment.

Parkside High recognises that the promotion of equal opportunities requires more than passive opposition to discrimination; we are therefore committed to taking positive action towards equality of opportunity. We further recognise that the limited resources and the operational needs of Parkside High may impose justifiable restrictions upon our ability to take such action. However, we will undertake regular monitoring and review the effectiveness of this policy.

# EQUALITY & DIVERSITY POLICY

## 3. Scope

The policy applies specifically to discrimination and equality of opportunity in respect of 'protected characteristics' as defined in the Equalities Act 2010:

- Age
- Disability
- Race
- Sex
- Religion or cultural beliefs
- Gender reassignment
- Marital status and civil partnership
- Sexual orientation
- Pregnancy and maternity

The policy applies across the range of employment policies and practice, including those relating to Anti Bullying, Disciplinary, Complaints and the Code of Conduct.

## 4. Responsibilities

Parkside High values its staff, contractors, workers, directors, volunteers, members and service users and young people, and expects them to be treated in a respectful manner. Accordingly, all have a responsibility to treat others with dignity and respect.

Liam Parker, Head Mentor has overall responsibility for ensuring that this policy is put into practice. In particular Liam Parker will ensure that:

- There is effective monitoring of Parkside High Equal Opportunities and Diversity Policy in relation to existing staff and volunteers and the recruitment of new staff and volunteers.
- The objectives of this policy are reflected at all levels through the organisation.
- Advice and guidance on equality and diversity issues is provided.
- The policy document is kept up to date.
- Team leaders amongst the staff at Parkside High complete appropriate diversity and equalities training.
- All directors, paid staff and volunteers will be expected to make this policy work and contribute to its on-going development.

### 4.1 General Purpose

Parkside High practices will ensure that staff, workers, directors, volunteers, members, service users and young people will not be discriminated against on any grounds including age, disability, race, sex, religion or cultural beliefs, gender reassignment, marital status and civil partnership, sexual orientation, pregnancy and maternity.

Parkside High's commitment to anti-discriminatory practice relates to all kinds of discrimination, as set out below:

- Direct discrimination – where someone is treated less favourably than another because they have a protected characteristic.

# EQUALITY & DIVERSITY POLICY

- Indirect discrimination – when a requirement or a condition is applied which has a detrimental effect on a particular group or individual. This applies even if there was not a deliberate intention to discriminate.
- Associative discrimination – direct discrimination against someone because they associate with another person who has a protected characteristic.
- Perceptive discrimination – direct discrimination against someone because others think they have a protected characteristic even if they do not possess that characteristic.
- Harassment – unwanted conduct related to a protected characteristic which violates a person's dignity or creates an intimidating, hostile, degrading, humiliating or offensive environment for them. This applies even if the conduct is not directed at the individual or if they do not have the protected characteristic.
- Third party harassment – potential liability for the harassment of staff by others such as young people service users and visitors.
- Victimisation – when someone is treated badly because they have made or supported a complaint under the Equalities Act or it is thought that they have done so.

## 5. Employment – Recruitment and Selection

### 5.1 Reviewing Vacancies

As vacancies to paid posts and voluntary roles arise, all appointing officers must review the Job Description and Person Specification to ensure that it meets the requirements of this policy.

No arbitrary restrictions will be placed on vacancies. Where restrictions are applied they must be reasonably justifiable. All applicants should be made aware that general life experience and voluntary as well as paid work are valued.

All paid posts will be advertised externally. An application process and timetable will be determined and applicants will be measured against the skills criteria on the person specification.

'Acting Up' – on occasion vacant posts may be filled temporarily using 'acting up' arrangements, the process will be open to all qualifying existing personnel and the terms and conditions for which will be set down in writing to the successful candidate.

### 5.2 Advertising

Advertisements for job vacancies should be widely accessible and distributed through appropriate external media.

Specifically advertisements should ensure:

- that there are no requirements or criteria which are unnecessary to the post and which might exclude applicants from any particular section of the community.
- that emphasis is placed on the availability of flexible working arrangements and/or job share opportunities where appropriate.
- no artificial age barriers are introduced.
- all advertisements state that The Thanet is working towards equal opportunities and values diversity.
- all advertisements state accessibility in relation to working environments.

# EQUALITY & DIVERSITY POLICY

## 5.3 Short-listing and Interviewing

All applicants will be given equal consideration for appointments. Criteria for short listing must be clearly established by the preparation of Person Specifications and equally applied to all candidates. An appropriate job application form should be used and Parkside High should not accept personal CVs. The personal details section of the application form shall not be viewed by shortlisting panel until the process has been completed. Each individual should be assessed according to his/her personal capability to carry out a given job. General assumptions must not be made about individual applicants.

Overseas qualifications, degrees and diplomas, which are comparable with UK qualifications, will be accepted as equivalents.

When a job involves irregular or unsocial hours or travel, the full facts should be referred to in the Job Description or other recruitment literature.

More than one person will carry out short listing and interviewing. Interview questions must not be of a discriminatory nature.

Selection decisions must not be influenced by factors such as the traditional profile of the current post holder, unless for genuine occupational qualification reasons.

The selection must not be influenced by the perceived prejudices of other staff.

At both the short listing and appointment stage, brief notes shall be made on each application indicating clearly why the applicant has not been short listed or appointed. A form will be drafted for this purpose.

Any recruitment records, which monitor the appropriate information to enable equal opportunity analysis must be kept for 12 months.

## 5.4 Age Restrictions

In all recruitment and employment matters, age limits must not be applied in a way that is artificial or arbitrary. Age restrictions in employment at Parkside High are only applied where reasonably justified. Nothing in this policy can over-ride any statutory provisions (e.g. on minimum ages in employment matters). Where age restrictions are proposed, managers must be able to show reasonable justification for imposing such a limit.

## Career Development And The Provision Of Training

### 6.1 Training Opportunities

Relevant training opportunities will be published widely to all employees. Training will be available to directors, paid staff and volunteers without discrimination and with regard to individual circumstances.

### 6.2 Career Breaks

Consistent with the needs of the organisation, Parkside High will encourage initiatives designed to help staff and/or volunteers who wish to return to work after a career break, or who wish to combine their pursuit of a career with raising a family.

### 6.3 Cultural and Religious Needs

Where employees and/or volunteers have particular religious or cultural needs which may conflict with work requirements, managers will consider whether it is reasonably practicable to vary or adapt these requirements to enable such needs to be met (e.g. where annual leave is sought on a religious festival it should not be un

# EQUALITY & DIVERSITY POLICY

reasonably withheld).

In dealing with such matters managers must seek to balance the operational needs of their department with the cultural and religious needs of employees.

## 6.4 Disabled Employees

The organisation will support employees who are disabled or become disabled to work within the organisation and wherever possible will assist with their rehabilitation and retraining. The aim is to maintain disabled staff in employment wherever practicable. Reasonable steps to achieve this may involve adjusting working conditions and practices as well as redeployment to alternative work.

## 6.5 Individual Support / Communities of Interest

All employees and volunteers should have access to support. If for example, a group of workers sharing a collective identity wish to set up a support group then this should be encouraged. If a worker feels isolated then provision should be made for external support.

## 7. General Behaviour / Code Of Conduct

All staff members and volunteers should respect other members of staff and realise that behaviour that they may find acceptable may not be so regarded by others.

Harassment at work in any form is entirely unacceptable and each member of staff and volunteer carries responsibility for their own behaviour under the policy.

The policy aims to prevent all forms of offensive behaviour but where there is a breach of this policy the person(s) responsible will be liable for disciplinary action. Some harassing behaviour may also be unlawful.

Harassment can take many forms and may be directed in particular against minority groups or individuals (e.g. because of a person's physical appearance or other characteristic).

It may involve action, behaviour, comment, or physical contact, which is found objectionable or which causes offence, it can result in the recipient feeling threatened, humiliated or patronised and it can create an intimidating work environment as well as interfere with the employee's job performance and undermine their job security.

Managers shall act and react with dignity and respect towards employees and volunteers and they shall ensure that all those involved work in a similar way in their relationships with each other.

## 8. Complaints And Grievance Procedure

### 8.1 Informal Procedure

Wherever possible employees and volunteers who believe that they have been the subject of harassment, should tell the person responsible that they find their behaviour offensive and ask them to desist. If the individuals feel unable to do this themselves they may ask another colleague or their line manager to do it for them.

If the alleged harassment continues, or the complainant feels unable to speak directly to the alleged harasser, the complainant will be encouraged to write to the harasser clearly indicating what is considered to be unacceptable behaviour.

# EQUALITY & DIVERSITY POLICY

In the event that this fails, the individual is to be encouraged to follow the procedures set out in Parkside High's Complaints Procedure.

## 8.2 Victimisation

Employees will not be victimised in any way for complaining about discrimination or harassment and for giving evidence about such a complaint.

## 9. EQUAL OPPORTUNITIES AND DIVERSITY IN SERVICE DELIVERY

## Glossary

### Direct Discrimination

Direct discrimination occurs when someone is treated less favourably than another person because of a protected characteristic they have or are thought to have (see perceptive discrimination below), or because they associate with someone who has a protected characteristic (see associative discrimination below).

### Associative Discrimination

This is direct discrimination against someone because they are linked or associated with another person who possesses a protected characteristic.

### Perceptive Discrimination

This is direct discrimination against an individual because others think they possess a particular protected characteristic. It applies even if the person does not actually possess that characteristic.

### Protected Characteristics

The protected characteristics as listed in the Equality Act 2010 are sex, sexual orientation, marriage or civil partnership, gender reassignment, race, religion or belief, age, disability, pregnancy and maternity.

### Disability

Under the Equality Act 2010, a person is disabled if they have a physical or mental impairment which has a substantial and long-term adverse affect on their ability to carry out normal day-to-day activities.

### Gender Reassignment

A transsexual person is someone who proposes to, starts or has completed a process to change his or her gender. The person does not have to be under medical supervision.

### Race

Race includes colour, nationality and ethnic or national origins. A racial group can be made up of two or more different racial groups (eg Black Britons).

### Religion Or Belief

Under the Equality Act 2010, religion includes any religion. It also includes lack of religion, in other words employees or jobseekers are protected if they do not follow a certain religion or have no religion at all. Additionally, a religion must have a clear structure and belief system. Belief means any religious or philosophical belief or a lack of such belief. To be protected, a belief must satisfy various criteria, including that it is a weighty and substantial aspect of human life and behaviour.

### Sexual Orientation

Includes bisexual, gay, heterosexual, and lesbian people.

### Indirect Discrimination

Indirect discrimination can occur when you have a condition, rule, policy or even a practice in your company that applies to everyone but particularly disadvantages people who share a protected characteristic and which cannot be justified in relation to the job.

# EQUALITY & DIVERSITY POLICY

## Harassment

Harassment is “unwanted conduct related to a relevant protected characteristic, which has the purpose or effect of violating an individual’s dignity or creating an intimidating, hostile, degrading, humiliating or offensive environment for that individual”.

## Third Party Harassment

Parkside High has a duty to prevent harassment of employees by people (third parties) who are not employees of your company, such as clients. Parkside High has a duty to prevent harassment and may be liable if aware that harassment has occurred on at least two previous occasions and does not take reasonable steps to prevent it from happening again.

## Victimisation

Victimisation occurs when an employee is treated badly because they have made or supported a complaint about discrimination or harassment, or raised a grievance under the Equality Act; or because they are suspected of doing so. An employee is not protected from victimisation if they have maliciously made or supported an untrue complaint.

## Positive Action

Some people with protected characteristics are disadvantaged or under-represented in some areas of life, or have particular needs linked to their characteristic. They may need extra help or encouragement if they are to have the same chances as everyone else. The new positive action provisions held within the Equalities Act 2010 enable service providers to take proportionate steps to help people overcome their disadvantages or to meet their needs.

## GDPR POLICY (General Data Protection Regulation 2016/679)

### Introduction

The General Data Protection Regulation was agreed upon by the European Parliament and Council in April 2016 replace the Data Protection Directive 95/45/ec in Spring 2018 as the primary law, regulating how companies protect EU citizens' personal data.

### Application

#### Personal Data

The GDPR applies to 'personal data' meaning any information relating to an identifiable person who can be directly or indirectly identified in particular by reference to an identifier. The definition provides for a wide range of personal identifiers to constitute personal data, including name, identification number, location data or online data, reflecting changes in technology and the way organisations collect information about people. The GDPR applies to both automated personal data and to manual filing systems where personal data are accessible according to specific criteria. This could include chronologically ordered sets of manual records containing personal data. Personal data that has been pseudonymised-eg key coded- can fall within the scope of the GDPR depending on how difficult it is to attribute the pseudonym to a particular individual. (gov.co.uk)

#### Sensitive Personal Data

The GDPR refers to sensitive personal data as 'special categories of personal data'. The special categories specifically include genetic data, and biometric data where processed to uniquely identify as an individual. Personal data relating to criminal convictions and offences are not included, but similar extra safeguards apply to its processing. (gov.co.uk)

# GDPR, DATA PROTECTION & CONFIDENTIALITY POLICY

## Compliance

Parkside High management will ensure compliance by committing to the following:

- Taking responsibility for GDPR.
- Incorporating data protection risk onto the corporate risk management and internal control framework.
- Identifying which entities will be in scope; business units, territories, jurisdictions.
- Bringing data protection policies and privacy notices in line with GDPR.
- Ensuring quality of consent (where required) meets new requirements.
- Reviewing and updating employee and client contracts in line with new requirements.
- Ensuring all data is stored securely and correctly in line with GDPR.

Parkside High maintains a 'Record of Processing Activities (ROPA) tool'. This covers the 'legal basis' for holding personal data, how it is processed and with whom it is shared.

## Summary

Employees, visitors and associates will receive continued training on GDPR and any changes that may occur. The manager will schedule regular audits of data processing activities and security controls and keep records of personal data processing up to date.

## Principles

These guidelines intend to protect young people, staff and volunteers from any potential risk that working together one to one might expose them to physical, emotional, medical or other difficulties, and that lone working sessions are well-planned and positive.

### 1. Training & Support

- All relevant staff and volunteers attend the Introduction to Parkside High training session which includes training related to lone working.
- Volunteers are supervised on a monthly basis where issues relating to lone working are raised as an agenda item.
- Staff who are involved in lone working with young people receive regular supervision from the Youth Engagement worker. Any issues relating to lone working are raised as an agenda item.

### 2. Lone Working - One to One With Children & Young People

Unusually for an organisation working with children and young people, the work of Parkside High requires some degree of one-to-one working to allow the child to talk openly about sensitive issues and for the purpose of their program. For the protection of children and adults, the settings chosen and behaviours adopted must be carefully considered.

- Staff and volunteers are trained to choose public areas such as cafes instead of secluded or remote meeting places, only to meet a child or young person for the purpose of mentoring, and only with the knowledge and consent of Parkside High and parents/carers.
- Staff and volunteers obtain appropriate background knowledge of the young person in advance of the session. This includes their personal risk assessment including medical information. This information is applied when planning for a session with a young person, in the choices made, consents sought and preparation for meeting the young person's needs throughout the session. If longer or high-risk activities are planned, this is shared in advance with the Youth Engagement worker and advice followed.
- Sessions should not be for extensive lengths of time. We recommend a session per week of no longer than 4 hours. Longer sessions or greater regularity than this must be agreed with the Project Coordinator.
- When meeting in a setting such as a school, staff and volunteers ensure that other staff are aware of their meeting, its purpose and duration. Rooms offering privacy from being overheard but where individuals are visible to others e.g. through glass doors, are always used where possible.
- When lone working, staff and volunteers ensure they have a charged mobile phone with them at all times, that somebody knows where they are and for how long, and they are aware of the following contact numbers - project office, project staff mobiles, emergency contacts.
- All lone working activities undertaken must be age-appropriate and meet requirements outlined in the Health & Safety Policy. Any exceptions to this are agreed and risk assessed in advance with the Youth Engagement or Project Coordinator. It is the responsibility of staff/volunteers to ensure that they and the young person have appropriate clothing, food, drink or equipment for any activities undertaken.
- Any incidents or accidents must be reported in accordance with our Health & Safety Policy. All accidents or incidents are to be recorded in the session evaluation and in the accident book in the office.
- Staff/Volunteers will not engage in lone work if either party is under the influence of drugs or alcohol. If the young person appears to be under the influence during the session, the adult ends it immediately and ensures the young person is safely returned home/ to school in the most appropriate manner. It is a requirement that the staff/volunteer calls the Youth Engagement worker in this instance.
- If the young person behaves inappropriately in a way likely to expose themselves, staff, volunteers or third parties to offence or harm, the adult must inform the Youth Engagement worker immedi

ately by phone and takes their instructions.

- If during a lone working session a child or young person makes any allegations about the adult present or another Parkside High volunteer or staff member, the adult must ensure the young person is safely returned home in the most appropriate manner and then immediately informs the Youth Engagement worker or Project Coordinator.
- If a child or young person becomes distressed or angry in a lone working situation, this must immediately be reported to the Youth Engagement worker who will take appropriate risk assessment action.

It is sometimes necessary to collect or return a young person to their home. No home visits should be made other than that necessary to carry out mentoring. Visits are never without prior arrangement with the family, and are always recorded. Staff and volunteers must never remain alone with the young person in their home, or visit private areas such as a bedroom.

Parkside High assesses and mitigates any risk to staff or volunteers of visiting the young person's home prior to such an arrangement being made.

### 3. Transporting Children and Young People

Car journeys are an example of a setting which may unavoidably require a secluded one-to-one situation. These should be undertaken only with a specific purpose relevant to the work of Parkside High, by prior arrangement and with the permission of the young person and their parent/carer.

- In the case of a child or young person urgently needing a lift without prior arrangement, the journey and the reason for it should be immediately reported to the Youth Engagement worker or Project Coordinator and parent/carer.
- Staff/Volunteers who use their own vehicles for transporting children must ensure that the vehicle is roadworthy, appropriately insured\*, that the maximum capacity is not exceeded, and that they are fit to drive. The driver is legally responsible for ensuring all passengers wear seat belts and that younger/shorter children use car seats where required under current legislation\*\*.
- Where adults transport children in a vehicle which requires a specialist license/insurance e.g. PCV or LGV6, staff must have an appropriate licence and insurance to drive such a vehicle.
- If behaviour by a young person is sufficiently inappropriate to be putting staff, volunteers or other passengers at risk whilst driving, the driver should park the car at the first safe opportunity, take the keys out of the car, and step out of the car in order to call project staff and take their instructions.
- Staff/volunteers will not be asked to drive more than 60 miles or for more than 3 hours in any one day in the supporting or collecting of young people.
- Staff/ volunteers may drive a maximum of three young people. If a car can accommodate more e.g. a 7-seater, an additional adult must also be present throughout the time the young people are being transported.

*\* We are advised that most motor insurers will consider driving a young person as part of a voluntary arrangement falls under social, domestic and pleasure, provided that driving is not described as the main purpose of volunteering and they are not paid for driving other than to reclaim costs. Volunteers should check with that this is the case with their insurance provider.*

*\*\*Currently a child must use a booster seat until they are 12 years old or 135cm in height, whichever comes first, but check for any updates.*

## Introduction

This online safety policy has been written by Parkside High, involving staff and learners and with guidance from the Derbyshire County Council Children's Safeguarding Board.

It takes into account the DfE statutory guidance 'Keeping Children Safe in Education' 2018, 'Working Together to Safeguard Children' 2018 and the Derbyshire Safeguarding Children Board procedures.

We do not sell or rent any of your information to third parties.

We do not share any of your information with third parties for marketing purposes unless you have requested us to do so.

We will only share special category information with other organisations where that is necessary for legal reasons, or where there are other substantial public interest grounds.

## Lawful Processing

Data protection law requires us to rely on one or more lawful grounds to process your personal information. We consider the following grounds to be relevant:

### *Legitimate interests*

Where it is reasonably necessary to achieve our or others' legitimate interests (as long as what the information is used for is fair and does not duly impact your rights).

We consider our legitimate interests to be running Parkside High as a Youth and community organisation in pursuit of our aims and ideals. For example to:

- provide our services to support you and your family;
- send postal communications which we think will be of interest to you;
- conduct research to better understand our customers and supporters and to improve the relevance of our fundraising;
- understand how people choose/use our services and products;
- determine the effectiveness of our services, promotional campaigns and advertising;
- monitor who we deal with to protect the charity against fraud, money laundering and other risks;
- enhance, modify, personalise or otherwise improve our services /communications for the benefit of our customers; and
- better understand how people interact with our website.

When we legitimately process your personal information in this way, we consider and balance any potential impact on you (both positive and negative), and your rights under data protection laws. We will not use your personal information where our interests are overridden by the impact on you, for example, where use would be excessively intrusive (unless, for instance, we are otherwise required or permitted to by law).

### *Specific Consent*

Where you have provided specific consent to us using your personal information in a certain way, such as to send you email, text and/or telephone marketing.

### *Legal obligation*

Where necessary so that we can comply with a legal or regulatory obligation to which we are subject, for example where we are ordered by a court or regulatory authority like the Companies House, or we are required to report a crime.

### *Vital interests*

Where it is necessary to protect life or health (for example in the case of medical emergency suffered by an individual) or a safeguarding issue which requires us to share your information with the emergency services.

### *Our lawful grounds for processing Special Category data*

When we use special category (sensitive) personal information, we require an additional legal basis to do so under data protection law. Our basis for using such information is normally to provide our services of counselling, social care, and safeguarding children and individuals at risk of neglect or physical, mental or emotional harm and for protecting their economic well-being. Sometimes we may use another route available to us at law (for example, if we need to process it for social protection purposes, vital interests, or, in some cases, if it is in the public interest for us to do so).

Under UK data protection law, you have certain rights over the personal information that we hold about you. Here is a summary of the rights that are likely to apply to you when we are processing your personal information.

## *Right to object*

You have the right to object to processing where we are using your personal information based on legitimate interests, (or for statistical/research purposes). In these circumstances we will consider your request against our legitimate reasons for continuing to process your information.

# RECRUITMENT POLICY

## Introduction

Parkside High employs adults and volunteers to work with children. We adopt a consistent and thorough process of safe recruitment in order to ensure that those recruited are suitable and this includes an enhanced Disclosure and Barring (DBS) check. This also extends to any person(s) or organisation(s) subcontracted. This document refers to paid members of staff and volunteers both of which are governed by the same guidance in respect of safer recruitment.

These procedures comply with the safe recruitment recommendations of the Bichard inquiry published in 2004. Our selection practice refers to the following government guidance and legislation;

- Disqualification under the Childcare Act 2006 - Statutory Guidance for Local Authorities, maintained schools, independent schools, academies and free schools (Department for Education, February 2015)
- Guidance for Safer Working Practice for those Working with Children and Young People in Education Settings (Safer Recruitment Consortium, 2015)

## Training

Parkside High has ensured that employees that are responsible for the recruitment of staff and volunteers have undertaken safer recruitment training and have the necessary skills to draw out any child protection issues when interviewing candidates.

Parkside High ensures that each new member of staff or volunteer undertakes a thorough induction process and training. This specifically educates and relates to Parkside High's policies in;

- Health and Safety
- First Aid
- Safeguarding
- Lone Working
- Code of Conduct
- Conflict resolution
- Whistle Blowing
- Complaints procedures
- All staff and volunteers have regular supervision for monitoring and to identify training needs.

## Advertisements and Information for Applicants

Parkside High demonstrates our commitment to safeguarding and protecting children by ensuring that all recruitment advertising material contains a policy statement to this effect. Parkside High's website in respect of 'Volunteering for us' stipulates that there is a rigorous selection process.

All staff and volunteers complete the application form referring to the person specification

The person specification states:

- The qualifications and experience needed for the role;
- The competences and qualities that the applicant should be able to demonstrate and;
- How these will be tested and assessed during the selection process.

# RECRUITMENT POLICY

The application form asks the applicant to provide:

- Full personal information, including any former names by which the person has been known in the past.
- A full history of employment, both paid and voluntary, since leaving school, including any periods of further education or training.
- Details of any relevant academic and/or vocational qualifications; and
- A declaration whether the person has any convictions, cautions, reprimands or final warnings and details as relevant.

The references received are scrutinised and followed up to ensure their validity.

## References

The application form requests both professional and character references, one of which should be from the applicant's current or most recent employer. Additional references may be sought where appropriate. For example, where the applicant is not currently working with children, but has done so in the past, a reference from that employer will be sought in addition to that from the current or most recent employer if this is different.

References contain objective verifiable information and in order to achieve this, a reference pro-forma with questions relating to the candidate's suitability for the role is provided. The references received are to be scrutinised and followed up to ensure their validity.

## Other Checks before Interview

If the applicant claims to have specific qualifications or experience relevant to working with children which may not be verified by a reference, the facts are verified by making contact with the relevant body or previous employer and any discrepancy explored during the interview.

## Selection of Candidates - Short Listing

All applicants are assessed equally against the criteria contained in the person specification without exception or variation.

Safe recruitment means that all applications are additionally:

- Checked to ensure that they are fully and properly completed. Incomplete applications are not be accepted and should be returned to the candidate for completion;
- Scrutinised for any anomalies or discrepancies in the information provided;
- Considered with regard to any history of gaps, or repeated changes, in employment, or moves to supply work, without clear and verifiable reasons.

Successful candidates will be required to provide documentary evidence of their identity, either a full birth certificate, passport or photo card driving license and additionally a document such as a utility bill or bank statement that verifies the candidates' name and address. Where appropriate, change of name documentation must also be provided.

Candidates should also be asked to bring original or certified copies of documents confirming any necessary or relevant educational and professional qualifications. If the successful candidate cannot produce original

# RECRUITMENT POLICY

documents or certified copies written confirmation of his/her relevant qualifications must be obtained from the awarding body.

## Interviewing Short-Listed Candidates

Questions are set which test the candidate's specific skills and abilities to carry out the job for which they have applied (normally set against the criteria in the person specification).

The candidate's attitude toward children and young people in general is tested along with evidence of their commitment to safeguarding and promoting the welfare of children.

Any gaps and changes in employment history are fully explored during the interview, as any discrepancies arising from information supplied by the candidate or by the referee.

## Offer of Appointment to Successful Candidate

An offer of appointment is conditional upon pre-employment/volunteer checks being satisfactorily completed, including:

- References.
- A Disclosure and Barring Service check, appropriate to the role (including checks against the relevant Barred List).
- Verification of the candidate's medical fitness.
- Verification of any relevant professional status and whether any restrictions have been imposed by a regulatory body such as the National College for Teaching and Leadership or the Health and Care Professions Council.

All checks are confirmed in writing and retained on the candidate's personnel file, together with photocopies of and documents used to verify his/her identity and qualifications. A record is kept of:

- The date the disclosure was obtained and who by;
- The level of the disclosure and the unique reference number; and
- On what basis was any decision made in respect of information about offences and the risk to children.

A record is kept of evidence to show that such checks have been carried out in respect of supply staff and volunteers whether recruited directly by Parkside High or through an agency.

Satisfactory references are kept on the candidates/volunteers personnel file.

Where information gained by the employer from either references or other checks calls into question the candidate's suitability to work with children, or where the candidate has provided false information in support of the application the facts must be reported to the Police and/or the DBS.

## Induction and Supervision of Newly Appointed Staff and Volunteers

The induction of all newly appointed staff/volunteers include an introduction to the organisation's child protection policies and procedures. This includes being made aware of the identity and specific responsibilities of those staff with designated safeguarding responsibilities. The named Designated Safeguarding Lead for Parkside High is Michelle Roberts.

# RECRUITMENT POLICY

New staff/ volunteers are provided with information about safe practice and given a full explanation of their role and responsibilities and the standard of conduct and behaviour expected.

They are also made aware of the organisation's personnel procedures relating to disciplinary issues and the Parkside High's whistle blowing policy.

The programme of induction includes attendance at child protection training at a level appropriate to the member of staff's work with children.

As a pre-requist of becoming a volunteer with Parkside High, all volunteers are required to complete the 'Volunteer Passport' program with Derbyshire County council.

Senior managers ensure that all staff and volunteers are adequately and appropriately supervised and that they have ready access to advice, expertise and management support in all matters relating to safeguarding and child protection.

## DBS Checks and Regulated Activity

All eligible staff and volunteers are requested an to complete an enhanced DBS check with barred list check to help determine their suitability for the position they are applying for prior to engaging them.

Regulated Activity covers anyone working closely with children or vulnerable adults, paid or unpaid, not part of a family or personal arrangement, on a frequent or intensive basis.

Regulated activity is considered frequent if it is carried out once a week or more and intensive if it occurs on four days or more in a single month.

Parkside High may also request applicants (who do not meet the definition of regular or intensive activity) to undertake a Disclosure and Barring Service Enhanced check without Barring, where the applicant will nevertheless have contact with children as part of their role (e.g. where they are on a rota which provides regulated activity but the individual's rota schedule is less frequent than indicated above).

## Use of Volunteers

Volunteers are appointed following the same principles as paid staff whereby all the necessary identity and background checks are completed. Volunteers are supported in the same way as paid employees, ensuring that they are clear about their role and Parkside High's expectations.

Performance will be monitored and volunteers are provided with the appropriate training. As part of their induction volunteers are informed that they are covered by the Complaints, Capability and Disciplinary policies of the organisation.

Before a volunteer is taken on, references are taken up and their suitability tested against set criteria outlined within their role/job description. Where applicable, Disclosure and Barring checks are completed.

A thorough induction is completed with volunteers (as specified in 2.Training) to ensure they are familiar with local arrangements re first aid procedures, fire regulations including drills, exits and assembly points, data protection, and specific policies and procedures relevant to the placement, etc.

## Use of Agency Staff

From time to time it may be necessary to use Agency Staff. When appointing Agency staff, the requirement for completing the relevant checks for professional qualifications and registration membership resides with the Agency. It is essential that confirmation is obtained from the Agency in writing and that a record of these checks is maintained by Parkside High. The Agency is responsible for completing the Disclosure and Barring Check but should share any relevant information with Parkside High so we can make the necessary risk assessments to determine whether we deem the worker suitable to carry out the duties of the post.

A thorough induction is completed with the Agency worker to ensure they are familiar with local arrangements re first aid procedures, fire regulations including drills, exits and assembly points, data protection, and specific policies and procedures relevant to the placement, etc.

While there is an expectation that training is provided by the Agency, it is still important that agency staff are clear about their role within Parkside High and this may require the provision of some training. Any concerns about the performance of an agency worker will be referred to the agency and where the concern brings into question their suitability to work with children, the matter referred to the Local Authority Designated Officer.

## Introduction

### Scope

Parkside High aims to provide a high-quality, responsive service. We welcome opportunities to monitor and improve our services. We aim to work in an open and accountable way. We have a compliments, concerns and complaints policy and procedure to support transparency, fairness and a culture of continuous improvement. It is in everyone's interest that concerns and complaints are resolved at the earliest possible stage. Many issues can be resolved informally, without the need to use the formal stages of the complaints procedure.

### Complimenting Our Service

Compliments are valuable, welcome and important and when they are received, either verbally or in writing, they will be recorded. Compliments enable us to:

- Understand that our service is being provided to the satisfaction of all third parties.
- Provide positive feedback to our staff and volunteers.
- Influence our organisational and service development.
- Inform our quality assurance programme.

It is good practice to acknowledge compliment.

### Concerns and Complaints About Our Service

A complaint may be defined as 'a situation or instance where either an individual or organisation considers that Parkside High has fallen short of their reasonable expectations and the complainant wishes to express their dissatisfaction about the action or a lack of action'.

Raising a concern or complaint provides Parkside High with an opportunity to learn and improve. The Board of Trustees need to know about concerns and complaints. We will always take your concerns or complaints seriously and record or respond to these as set out in the procedure which forms part of this policy.
